# 5 TIPS TO PREPARE

## GARBAGE & RECYCLING

Conceal recycling, compost and garbage containers under covered structure. e.g., inside a carport or garage.

## VEHICLES, RVs & BOATS

Relocate vehicles from the driveway. Avoid parking directly in front of the home. Park a few houses away or in a neighbours driveway.

## YARD & GARDEN

Rake fallen leaves, reel in hoses and tidy garden beds. Relocate leaf bags, garden tools, bags of potting soil, etc. out of sight.

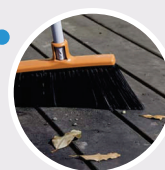

## PATHWAYS & PERIMETER

Sweep entry and rear pathways, pressure wash if time permits. Do a perimeter walk of the home to gather debris, tools or stored items.

## DECKS, PATIOS & BALCONIES

Sweep surfaces, retract awnings and lower umbrellas. Set up patio furniture with cushions etc.

## PRIVACY

It's good practice to inform your immediate neighbours (side and rear) of the date and time of our appointment so, if they wish to refrain from being filmed or photographed, they can remain indoors.

## WEATHER

Precipitation and high winds will keep us grounded. Contact us the day prior to your appointment if you would like to reschedule.

50  
KM/H

## SAFETY

Our operator licence has strict safety standards. Please bring pets inside and remain indoors during our flight.
