Your listing, brought to life

immersive VR Tour

ESTABLISH AN
EMOTIONAL **CONNECTION**

during their first introduction to the property.

We use Matterport's reality capture system to produce an **interactive walk-through** of your property allowing the viewer to **virtually explore** inside the home.

 TRUSTED INDUSTRY EXPERTS

HOW TO

OPTIMIZE

YOUR VR TOUR

CLEANLINESS

Vacuum, sweep and wipe down visible surfaces and wash any feature windows.

LIGHTING

Check that all lights are operational, and replace any burnt out bulbs.

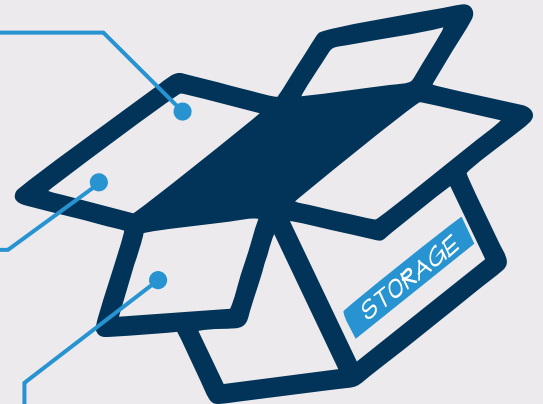

SURFACE ITEMS

e.g., Fridge magnets, tissue boxes, kitchen appliances, and remotes.

PERSONAL ITEMS

e.g., family photos, prescription medication, mail, jewelry, and toiletries.

PET ACCESSORIES

e.g., Bowls, crates, toys, beds, litter boxes, and garbage cans.

Our 3D camera **captures every inch** of your property's interior.

Items you do not want captured must be stored away in closets, drawers or boxes.

TIP: If you have difficulty, designate a small bedroom/office for temporary storage.

Unlock all interior and exterior spaces.
e.g., suite, garage, detached workshop/shed.

MAKE A PLAN
WITH YOUR REALTOR®

It's much easier for us to scan your property when **pets and residents are not home.**

We need to use **interior access to suite(s).**
Clear the path and check doors are unlocked.
